DANCEPG – GENERAL CLASS INFO:

Instruction will be fun with no pressure. Right from the start till the finish of the lesson you will be moving on the dance floor - walking through all steps and practicing to music. Anyone who wants to repeat steps just say "repeat" and we will do that.

Every effort will be made to give participants a 'step sheet with explanation'. There will be room for your personal notes, for memory and recall, helping you retain what you learn.

Those who can take the time to practice between lessons will go a lot further in learning and retaining the dance steps.

Feedback to the instructor is encouraged to make your experience the best possible.

No pressure instruction – only fun!
